NOTES:

- Where a fundraising target applies, this should be raised at least 4 weeks before the start of your placement.
- You can fundraise for the full value of your volunteer trip, including flights, visa and related expenses. If you use a fundraising platform, you will be reimbursed after receipt of funds and submission of valid receipts.
- Some activities have specific start and end dates, and you will need to be available for the full duration.
- We can assist with travel arrangements, booking accommodation and arranging airport transfers, as well as local safaris, at no cost. You will, however, need to pay for the services directly that are not including in your benefit package.
- Where accommodation is provided, we provide a basic, ensuite room on-site at one of our shelters. Accommodation is not always located in town centres, so there may be few facilities within walking distance.
- Meals served on-site are local Tanzanian cuisine, as provided to our staff, children and young people.
