# About Kijana Kwanza

---

At Kijana Kwanza, a **grassroots charity** based in **Moshi, Tanzania**, we are dedicated to empowering vulnerable children and young people to build futures free from poverty.

Through **student sponsorships, vocational training, leadership development, and community programmes**, we directly supported over 16,000 Tanzanians in 2024.

Alongside education, we **provide vital services** such as English and computer classes, hardship grants, interest-free loans, and youth-friendly spaces like our Study Café.

# Introducing Shabaha Children's Home

## Our new children's home will:

- Provide **emergency shelter** for up to **120 vulnerable children aged 5–12** who have been orphaned, abandoned, or affected by neglect or abuse.
- Meet the immediate and long-term physical, emotional, mental, and social needs of the children, including **healthcare, quality education, and recreational activities**.
- Support **family reunification** wherever possible, to avoid long-term institutional care.
- **Train new foster parents** to offer long-term, community-based placements for children without family support.
- Develop neighbourly **support networks** to enrich children's lives and help create stable, supportive family environments.
